

Statement of Kosher Suitability of Production Equipment

This is to confirm that the ambient temperature, dry powder mixing production line of the company **Brenntag Austria GmbH**, at its plant on **Bahnstraße 13, 2353 Guntramsdorf, Austria**, is suitable for kosher production. The certified products are listed on the kosher certificate. Should a customer request additional kosher certified ambient temperature dry powder mixes, we can certify those mixes after reviewing the raw materials and production requirements for those additional mixes.
